# Career Objective

I am a passionate and self-driven software engineering enthusiast with a strong interest in Artificial Intelligence and Web Development. I bring a balanced mindset to every task, combining focus, adaptability, and a genuine eagerness to learn. I stay composed under pressure, pick up new concepts quickly, handle multiple responsibilities effectively, and aim to turn challenges into opportunities for improvement.

## **Education**

### **KL** University

Computer Science Engineering, GPA 9.22

Vijayawada, AP

## **Bhashyam IIT JEE junior college**

Intermediate, GPA 9.67

Guntur, AP

#### **Bhashyam Blooms**

School, GPA 8.5

Guntur, AP

# **Projects**

# Student Health And Wellness | Java, Html, CSS, Eclipse

- The main objective of this project is to promote student well-being by providing a centralized platform that manages medical history, health check-ins, and wellness tips. It ensures timely support by analyzing user interactions and health inputs to offer personalized content and streamlined access to care.

# Advanced Potato Tuber Disease Recognition using deep learning | Python, Html, CSS, Pycharm

- The main objective of this project is to develop a deep learning-based system that accurately detects and classifies potato tuber diseases from images, enabling timely diagnosis and improved crop management for farmers and agricultural professionals.

## **Experience**

## Al and ML virtual internship

Software Engineer Intern

- Learned core AI/ML concepts and applied deep learning techniques
- Gained hands-on experience with deep learning frameworks, optimizing models for accuracy and performance.
- Delivered scalable AI solutions, contributing to efficiency and innovation across application domains.

## Technical Skills

Languages: Java, Python, HTML/CSS, SQL

Developer Tools: VS Code, PyCharm, Eclipse

### Certificates

- Red Hat Certified Enterprise Application Developer
- Microsoft certified: Azure Al Fundamental certification

# **Leadership / Extracurricular**

**Present** 

KL University

- I am an active member of a club called Blockchain Hub
- I also actively participated in student governance body club of our college
- I also coordinated events and fests in our college
